

RAINSAVER 54 RAIN BARREL

WITH WOOD GRAIN DETAIL

The RainSaver Rain Barrel is a high quality barrel combining great functionality with a beautiful design. The barrel comes all in one piece with a closed top requiring minimal set up and easy transportation.

SCREEN PROTECTED

Screened intake filters organic debris and prevents insect entry.

RECESSED OVERFLOW CHANNEL

Large capacity overflow located on the back of the barrel, automatically diverts excess rain. Recessed top prevents splashing.

UV PROTECTION

Molded with partially recycled UV protected plastic that won't scratch or fade.

THREADED BRASS SPIGOT

With two easy access points for watering cans or hose attachment.

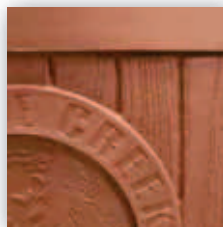

RAINSAVER COLOR SELECTION

Balsam Green

Terra Cotta

Moss Green
